

Delivering Resilient Energy Infrastructure across the LCR

Welcome to the Seminar from
Jim Wilkie
Chief Executive, Wirral Council

CLASP.

Benefits and Opportunity

1. Energy infrastructure investment opportunity - accelerate low carbon economy.
2. Green jobs and skills development – a boost LCR competitiveness.
3. Improved environmental performance – CO2 savings, renewable energy targets.
4. Sustainable Energy Action Plan as a mechanism to set priorities and secure external investment.
5. Fuel poverty and equality agendas.
6. Energy security and reducing public sector energy spend.
7. Joining projects and a co-ordinate approach e.g. heat networks.
8. Private / public partnership – help reduce risks & willing partners.
