

# 2014 Funded Projects

# Funding Grants

- CLASP = Climate Change Local Area Support Programme
- 2009 onwards: NWIEP / NWDA / CLG / Defra / DECC / Environment Agency funding
- Information, training, events, advice, networking, resources and grant funding
- 2014 last round of funding?
- Adaptation focus, but funding for all

# 2014 Projects

- Blackpool Code of Conduct for SWI
- Warrington Financing Large Scale Renewables
- Wirral Climate Resilient Parks
- LDNPA Rural community energy
- Wigan Local Adaptation Planning

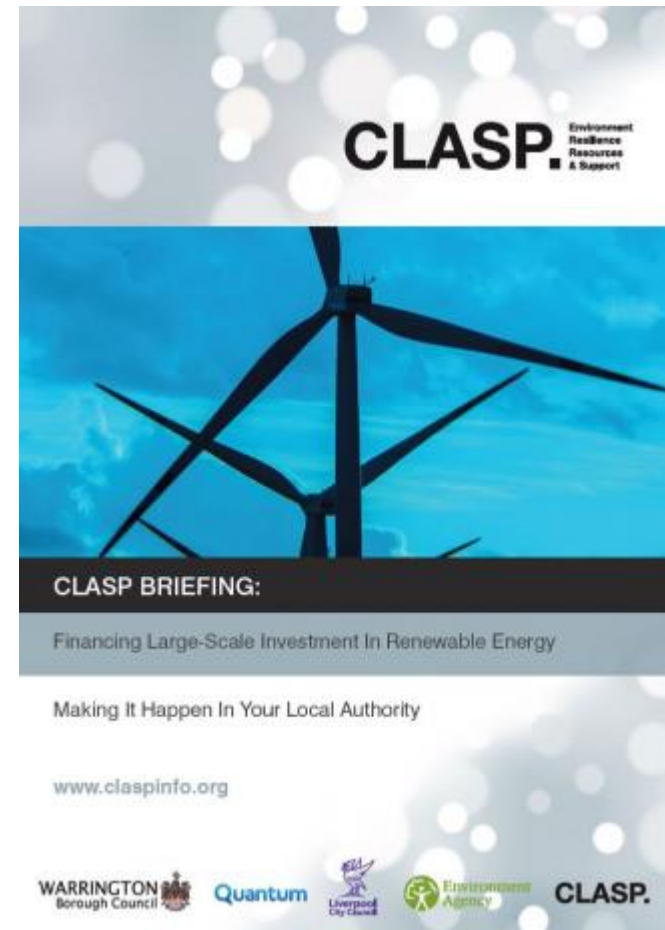

# Warrington

## Financing Large Scale Renewables

Briefing explaining:

- Benefits
- Finance options
- Practical steps

for Local Authority investments  
in renewable energy projects.

<http://claspinfo.org/financing-large-scale-renewable-energy>

# Wirral

## Climate Resilient Parks

- Building capacity of staff, communities and partners to deliver climate change adaptation and mitigation solutions
- Developing practical recommendations for five Wirral Council Parks and Countryside sites which experience weather-related problems.
- Technical site assessments and recommendations
- Community roadshows, education, awareness raising and consultation re park form and function
- Ongoing, reporting January 2015

# Wigan

## Local Adaptation Planning

- Exploring how the local authority is taking account of extreme weather events in service provision
- Are any changes required to be more resilient in the future?
- Process trying to reconcile national data with local intelligence. Difficulties!

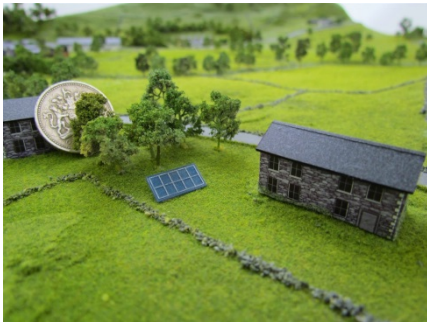

# LDNPA

## Rural Community Energy

Helping communities explore renewable energy generation and energy efficiency measures
